HYGICLAUS ENGINEERING

Factory: S.N.16/4/1/1, Khalate Patil Industrial Area, Katraj-Gujarwadi Road, Katraj, Pune- 411046 (MH)
Phone No. +91 9665822754 /+91 7261932932 email: hygiclaus@gmail.com

ABOUT US:

Hygiclaus Engineering is an innovative and quality driven company. Since its establishment, Hygiclaus engineering has always made great efforts for highest quality standards and customer satisfaction through innovation, optimization, good infrastructure and skilled manpower.

QUALITY:

Hygiclaus Engineering adhere to cGMP guidelines. Our philosophy of continuous improvement and professional performance helps us in achieving new peak in quality and safety standards.

MISSION:

Explore new opportunities and optimize engineering processes by standardization and strictly adhering to the quality and safety standards. Also, to offer solutions to new challenges in the respective areas of application.

VALUES:

The core values of our organization are positive attitude, innovation, ethics, openness, quality management & teamwork.

VISION:

Evolve as a global manufacturer through innovation, quality management and professional approach.

PRODUCTS :

- Stainless steel Tanks for Pharma, dairy, brewery & chemical Process industries..
- Stainless steel structure
- Mixing vessel
- Bio fermenter
- Powder mixer
- S.S ducting.
- CIP Tanks
- Hot water tanks.
- Pressure vessel.
- Piping skids.
- Jacketed tanks
- Dump Tank
- Filtration unit
- Insulated tanks hot and cold
- Ribbon blender
- Bulk milk cooler
- HMST
- silo

STAINLESS STEEL TANKS: CEMICAL

We manufacture tanks for pharmaceutical, dairy, brewage and chemical industries. Custom build to meet the requirement of each client.

MATT FINISH

MIRROR FINISH

FINISH

Equipment Surface finish is very important role in maintaining product hygiene during various process & to avoid contamination in processed end product .As per standard and customer process requirements we are maintaining surface roughness Ra value in matt and mirror finish by applying abrasive grit mechanically & electro polishing.

PRESSURE VESSEL :

Avail from us a wide range of vessel Fabrication services in various specifications. We are capable of manufacturing varied kinds pressure vessel in a stipulated time frame. The vessels fabricated by us are durable in nature, corrosion resistant, dimensionally accurate, leakage proof and reliable in performance. We also pay utmost attention to the specific requirements of clients and offer fabrication services in compliance with clients' specific requirements

DUCTING:

Choosing the right duct system for flue gas and hot air ducts in plants depends on factors like temperature, shape, size and the mechanical performance needed. With the complete range of ULTIMATE, glass wool and rock wool products for insulation, specially for this application, Hygiclaus will always offer the perfect solution to meet your specification needs.
